

DERMATOLOGY FOUNDATION
ANNENBERG CIRCLE

*Demonstrating foresight
and commitment to medical and
surgical dermatology*

Our Purpose

The Dermatology Foundation exists solely to provide research funding that will help develop and retain tomorrow's teachers and researchers, and enable advancements in patient care.

With the DF's support, promising physicians and scientists are able to stay on the academic and research career path and go on to uncover new knowledge. Their innovative, ground-breaking research benefits all dermatologists. It is what strengthens the specialty and leads to new concepts about skin disease and cutting edge treatments.

An Exceptional Opportunity

The Annenberg Circle provides a meaningful and effective giving opportunity that enables each member to impact the continuity of dermatologic research. Funds for research are increasingly difficult to obtain due to continued shifts in federal funding and the economic climate. In the face of unpredictable support, every dermatologist can choose to make a commitment that will have a tremendous effect on the specialty's funding needs.

Membership in the Annenberg Circle requires a commitment of \$25,000 or more, payable in a single contribution or in minimum annual increments of \$5,000. Up to \$10,000 in prior Leaders Society dues may accrue toward the AC pledge.

Our Invitation

The need for early career research support is great and surpasses available dollars. Those who care about the future of the specialty are invited to take an active role to help fill the gap.

Join the Annenberg Circle and your generous gift will:

- ◆ Make an exceptional contribution to the expansion of the specialty's scientific base and the practice of dermatology for years to come.
- ◆ Significantly increase early research support needed to launch the careers of talented, new teachers and investigators.
- ◆ Ensure dermatology remains *the* specialty for all patients seeking expert care for the full-range of skin conditions and diseases.
- ◆ Add to the specialty's ability to sustain future research funding through the DF's Research Endowment Fund.

Contact the DF office to put your Annenberg Circle membership in place (847.328.2256 or dfgen@dermatologyfoundation.org).
