The Foundation is now accepting applications for the 2016 research awards. All research must be conducted in the U.S. under the sponsorship of a department/division of dermatology. Application forms and instructions are available on dermatologyfoundation.org. Interested individuals are strongly urged to read the Applicant Instructions on the Foundation website for detailed award descriptions, general and award-specific eligibility requirements, and application information before beginning any paperwork. Award funding begins July 1, 2016.

| **Physician Scientist Career Development Award - $55,000 annual salary stipend (renewable up to two years)** | • M.D.; M.D., Ph.D.; or D.O. degree  
• Completed training in a U.S. dermatology residency program  
• Appropriate initial training in relevant research (i.e., a two to three year research fellowship or postdoctoral training)  
• Junior faculty member in a dept./div. of dermatology *(through Asst. Prof. level)*  
• Clinically-oriented investigator in the early stages of academic career  
• Demonstrates a strong commitment to skin research  
• Strong institutional commitment for the individual’s career development  
• NOT a recipient of a federally funded career development award |
| **Clinical Career Development Award in Dermatologic Surgery - $55,000 annual salary stipend (renewable up to two years)** | • M.D.; M.D., Ph.D.; or D.O. degree  
• Completed training in a U.S. dermatology residency program  
• Completed at least one-year post-residency surgical training in procedural dermatology in the U.S. at the time of funding  
• Under the mentorship of an experienced faculty member (e.g., a dermatologic surgeon, dermatologist, or basic or clinical investigator with experience and expertise of relevance to the proposed research)  
• Junior faculty member in a dept./div. of dermatology *(through Asst. Prof. level)*  
• Strong institutional commitment for the individual’s career development  
• NOT a recipient of a federally funded career development award |
| **Clinical Career Development Award in Health Care Policy / Public Health - $55,000 annual salary stipend (renewable up to two years)** | • M.D.; M.D., Ph.D.; or D.O. degree  
• Completed training in a U.S. dermatology residency program  
• Junior faculty member in a dept./div. of dermatology *(through Asst. Prof. level)*  
• Formal relationship with a mentor who possesses recognized expertise in health care policy or public health research  
• Clinically-oriented investigator in the early stages of academic career  
• Strong institutional commitment for the individual’s career development  
• NOT a recipient of a federally funded career development award |

| **Dermatopathology Research Career Development Award - $55,000 annual salary stipend (renewable up to two years)** | • M.D.; M.D., Ph.D.; or D.O. degree  
• Completed training in a U.S. dermatology or pathology residency program and a U.S. fellowship program in dermatopathology  
• Under the mentorship of an experienced investigator(s)  
• Mentor must have an academic appointment in dermatology or another program at the sponsoring institution that is approved by the dermatology chair  
• Junior faculty member in a dept./div. of dermatology (through Asst. Prof. level) in the early stages of an academic career  
• Demonstrates a strong commitment to skin research that can advance the field of dermatopathology  
• Strong institutional commitment for individual's career development  
• NOT a recipient of a federally funded career development award |
| **Medical Dermatology Career Development Award - $55,000 annual salary stipend (renewable up to two years)** | • M.D.; M.D., Ph.D.; or D.O. degree  
• Completed training in a U.S. dermatology residency program  
• Junior faculty member in a dept./div. of dermatology (through Asst. Prof. level)  
• Under the mentorship of an experienced medical dermatologist  
• Strong institutional commitment for individual’s career development  
• NOT a recipient of a federally funded career development award |
| **Science of Human Appearance Career Development Award - $55,000 annual salary stipend (renewable up to two years)** | • M.D.; M.D., Ph.D.; Ph.D.; or D.O. degree  
• M.D. applicant must have completed a U.S. dermatology residency program  
• Ph.D. applicant must have completed at least 2 years post-doctoral training  
• M.D. applicant must have a strong laboratory collaborator, Ph.D. must have a strong connection with an M.D. conducting appearance work  
• Junior faculty member in a dept./div. of dermatology (through Asst. Prof. level)  
• High level of interest in the science of human skin appearance  
• Strong institutional commitment for the individual’s career development  
• NOT a recipient of a federally funded career development award |
| **Women’s Health Career Development Award - $55,000 annual salary stipend (renewable up to two years)** | • M.D.; M.D., Ph.D.; Ph.D.; or D.O. degree  
• Appropriate initial training in biomedical research (i.e., two to three-year fellowship or postdoctoral training)  
• Junior faculty member in a dept./div. of dermatology (through Asst. Prof. level)  
• Proposed research focuses on women’s health issues  
• Junior investigator in the early stages of academic career  
• Demonstrates a strong commitment to skin research  
• Strong institutional commitment for the individual’s career development  
• NOT a recipient of a federally funded career development award |

</tbody>
</table>
| **Research Grant** - $20,000 research support | - M.D.; M.D., Ph.D.; Ph.D.; or D.O. degree  
- Investigator in the early stages of academic career  
- Project not funded from other sources  
- Not available to residents unless in a research year of 4-year program defined by no more than 20% of time devoted to clinical responsibilities |
| **Program Development Grant** - $10,000 infrastructure support | - Application must be submitted by the chair/chief or research director on behalf of the department/division of dermatology  
- Dermatology department/division is accredited for residency training in the U.S.  
- Department/division has not successfully competed for funding from the Foundation during the past five years  
- Project not funded from other sources |

This grant provides financial support for research projects in dermatology and cutaneous biology that benefit the dermatology community at large.

This grant provides funding to support the development of the scientific infrastructure in a dermatology department/division which has not successfully competed for DF funding.
