Educational Objectives

Intended for practicing dermatologists, this program is accredited for 17.5 AMA PRA Category 1 Credits™. Upon completion of this program, participants should be able to:

Day 1

- Improve surveillance and workup of patients with many atypical nevi.
- Describe evolving techniques for noninvasive imaging of possible skin malignancies.
- Appropriately utilize emerging therapeutic options to improve treatment of pediatric vascular anomalies.
- Recognize emerging infectious disease threats from around the globe.

Day 2

- Effectively treat patients who have chronic urticaria that fails antihistamine therapy.
- Appropriately utilize phototherapy, assimilating new evidence about effective use for inflammatory diseases.
- Recognize forces that have led to a lack of diversity in dermatology and opportunities to improve the diversity of the specialty.
- Describe emerging threats to dermatologists' ability to utilize the best dermatopathologists for patient care.
- Identify and address practice gaps in dermatologic surgery.
- Recognize and quickly address neurologic side-effects of dermatologic drugs that are currently being missed.

Day 3

- Understand and effectively select or refer for the proper melanoma treatments supported by recent evidence.
- Recognize Zika Virus infections and appropriately counsel patients about prevention and risk assessment.
- Properly diagnose and treat viral eruptions in children.
- Understand and effectively select emerging therapies for atopic dermatitis.
- Improve techniques for basic surgical reconstruction procedures.
- Assimilate evidence about emerging options for photoprotection.

Disclosure Policy

It is the policy of the Yale School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational programs. All faculty participating as speakers in these programs are required to disclose any relevant financial relationship(s) they (or spouse or partner) have with a commercial interest that benefits the individual in any financial amount that has occurred within the past 12 months; and the opportunity to affect the content of CME about the products or services of the commercial interests. The Center for Continuing Medical Education will ensure that any conflicts of interest are resolved before the educational activity occurs.

CME Credits

The Dermatology Foundation's Clinical Symposia program provides 17.5 AMA PRA Category 1 Credits™ through accreditation by The Yale School of Medicine. This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of The Yale School of Medicine and the Dermatology Foundation. The Yale School of Medicine is accredited by the ACCME to provide continuing medical education to physicians. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The Dermatology Foundation's Clinical Symposia—Advances in Dermatology, #361100, is recognized by the American Academy of Dermatology for 17.5 AAD Recognized Credits and may be used toward the AAD CME Award.
